

FALCON SPORTS want YOU to join the CPHS BOOSTERS!

Why?

More than 700 young men and women participate in College Park High School's Athletic Program. Hundreds more participate as spectators, socializing at games, and cheering on their classmates. **A strong sports program keeps kids involved and builds school pride.** In the last 5 years, our teams have won more than 15 league championships. But the school can't supply everything our teams need. That's where we come in.

Who are the Athletic Boosters?

We're a group of community members – parents, teachers, students, alumni, coaches, business owners, and neighbors – who help support our teams by donating and raising funds, running snack bars at home games, and helping with setup at sporting events. We fully fund the CPHS on-site Athletic Trainer. We offer a line of Falcon sportswear throughout the season. **The money we raise goes toward projects and supplies for CPHS teams as we promote school spirit through sports.**

What have the Boosters done?

In recent years we have supported projects that benefit all students, as well as those for specific teams. We have funded new padding and paint in the gym, Baseball scoreboard, Basketball/Volleyball electronic score table, Swimming electronic start system, Wrestling electronic scale for tournaments, weight training equipment, and much, much more. We provide five \$500 Senior Athlete Scholarships and support the LEAP program partnership with JFK University. We have just started our largest capital improvement project, The Falcon Stadium!

What can you do?

Join us! And work with us to help make all of our sports programs a success. Your paid membership and any additional donation will be used to fund important athletic expenses that can't be covered otherwise. You are contributing valuable support to your child's high school experience.
