

## ***Falcon Stadium Project***

Have you ever wished that you or your child's name could go down in history?

Well...it Can..Buy A Brick!

The Falcon Foundation and the College Park High School Boosters is giving you an opportunity to immortalize yourself, your student athlete, family member or even your company as part of the Falcon Stadium Project fundraising drive.

The Falcon Stadium Project includes an all-weather synthetic turf field to compliment the all-weather track currently in place, bleachers, scoreboard, concessions and restrooms facilities, field lighting, fencing, plantings and a promenade.

## ***Buy a Brick Campaign***

The buy a brick project has two concepts, a concreted walkway embedded with your personalized brick or a section that will be set aside near the field called "*The Falcons Nest*"

The Falcon's Nest will hold the bricks celebrating present, past and future athletes, supporters of the Falcon Stadium Project.

Personalized bricks make a unique gift to immortalize not only you athlete, family member or business but also commemorates your support to the College Park High School community for the worthwhile project.

In addition to the brick to be installed, why not purchase a replica for your home or office!

***4" x 8" Brick \$100.00***

***4" x 8" Replica Brick \$50.00***
